

Inflation

Inflation is not an unfortunate but essential prerequisite for money; it is caused by money printing, i.e., inflating the money supply. It is a form of theft and secret taxation.

Cantillon Effect

New money is printed and goes first to the rich and well-connected. We were promised it would trickle down, but it doesn't. The rich get richer and the poor get poorer, by design.

Debt

*Student loans cannot be repaid. Personal and household debts are at all time highs. Our national debt is \$37 trillion and growing \$1 trillion every four months.**

Dispair

The elderly fear they don't have enough for retirement. The young feel no hope of ever buying a home or starting a family. Drug addictions and self-harm plague a hopeless generation. It's not because they don't work hard enough. It's because

*Our money
is broken.*

**Proverbs 13:22 says a good man leaves an inheritance to his children and grandchildren. What sort of men leave an unpayable debt to future generations?*

Fixed Supply

Bitcoin has a fixed supply of 21 million coins. This means their value cannot be debased by infinite inflation (i.e., money printing). Bitcoin has a lower inflation rate even than gold, making Bitcoin the best store of value.

Fair Distribution

Bitcoin has a pre-programmed coin issuance schedule and a fair and equitable distribution method. There is no special access for the rich and powerful.

Fiscal Responsibility

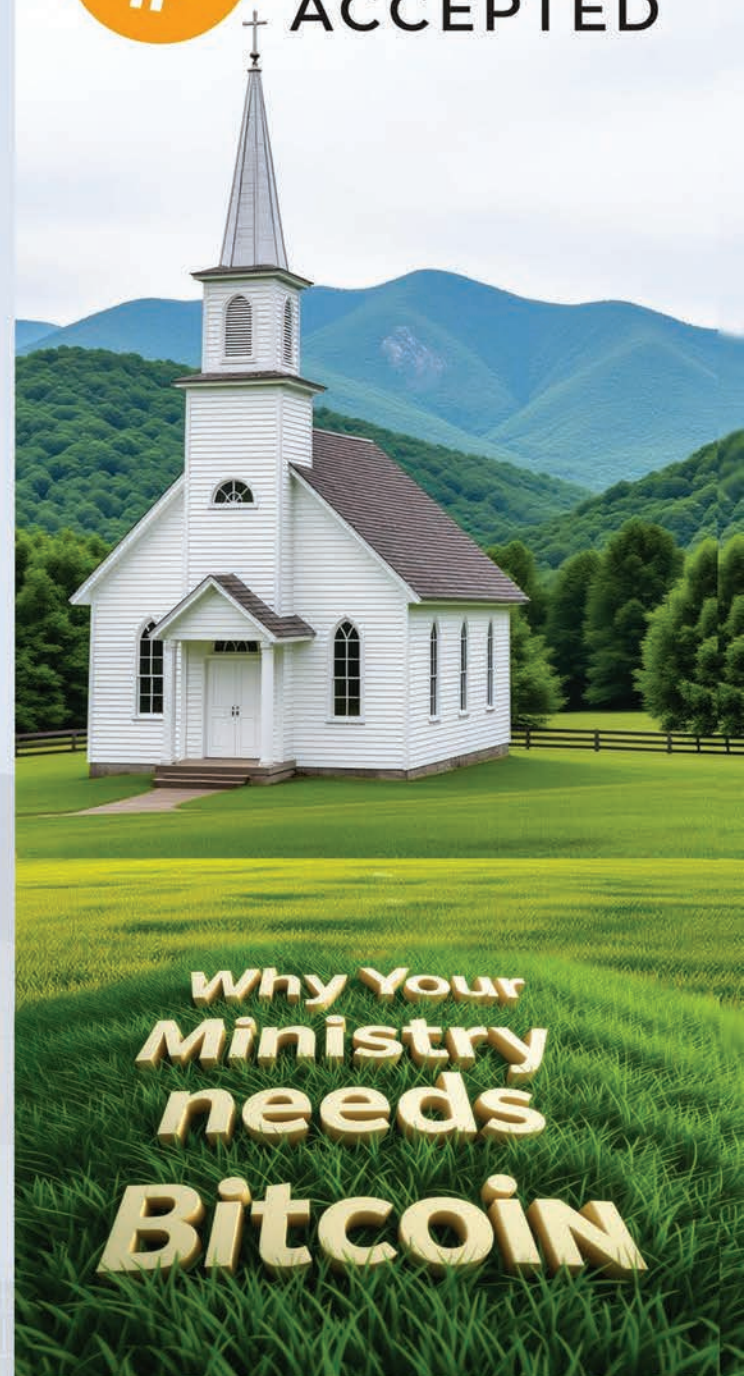

When money cannot be printed out of thin air, budgets must actually be followed. Since bitcoins cannot be created at the whim of politicians, they cannot spend money that belongs to future generations.*

HOPE

We know as Christians that our ultimate hope is found in Jesus Christ, but the impact of money on a society is undeniable. Good money fosters saving & investing in the future; it enables us to "leave an inheritance to our grandchildren." [Proverbs 13:22] Bad money encourages waste, hedonism, and nihilism. We cannot expect to enjoy fiscal blessings from God when our money is unfair and unjust; when it is designed to keep us in debt, fighting wars, and to steal our time and energy. The harsh truth is that fiat money is a money the Lord detests. But now, we can opt out. We can choose a money that delights the Lord. We can choose Bitcoin.

**Why Your
Ministry
needs
Bitcoin**

Why Bitcoin?

As an investment, Bitcoin has been the best performing asset for the past 10 years, out performing treasury bonds, the S&P 500, and real estate. Many expect Bitcoin to continue as a sound investment for years to come. So, by simply accepting Bitcoin and holding it, your ministry could benefit financially.

However, as Christians, we have nobler reasons for choosing Bitcoin. Proverbs 11:1, and many similar verses, make it clear that money can be fair and just, or unfair and unjust. Bitcoin is possibly the most fair and just money to ever exist. The dollar, being fiat money, is inherently unjust, favoring the rich and connected over the poor. The graph below shows the massive *wealth transfer* from the middle and lower classes to the upper class after the dollar became fiat money in 1971.

What is Bitcoin?

Bitcoin is like gold, only better. Like gold, it has no issuer that can create it from thin air, and anyone can own it and use it. Unlike gold, it is digital and can be sent over the internet, it is easy to verify and audit, and it is safe and inexpensive to store.

With Bitcoin you can

- Store your wealth in an asset that cannot be seized or confiscated. You can even cross borders with millions of “dollars” stored in your head, if you can memorize 12 words.
- Stop using a currency that is inherently unfair and unjust and start using money that delights the Lord.
- Rest assured that Bitcoin is not mark-of-the-beast money. In fact, it is the exact opposite of such money.

Send money to anyone, anywhere, anytime using just your phone or computer without expensive wire transfers or Western Union.

Get Off Zero!

We think everyone should be using Bitcoin, but especially churches & Christian ministries. Not only is Bitcoin a superior store of value than dollars, it is ethically a better way to save and spend.

We can help you get started on your Bitcoin journey today. Whether you want to

- Buy Bitcoin and store it securely
- Receive Bitcoin gifts, tithes & offerings
- Send money quickly, easily, and cheaply to missionaries in foreign countries
- Save your wealth in a God-honoring way

If you have zero Bitcoin, we can get you off zero in minutes.

“The Lord detests dishonest scales, but accurate weights are a delight to him.”

Proverbs 11:1
